

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

REGION VIII

999 18th STREET - SUITE 500  
DENVER, COLORADO 80202-2466

MAY 21 1996

Ref: 8EPR-PS

Mr. Brad Johnson  
Division of Environmental Response and Remediation  
168 North 1950 West 1st Floor  
Salt Lake City, UT 84116

Dear Brad:

The Remedial Project Managers (RPMs) and Site Assessment Manager (SAM) for the following sites have reviewed and approved the First Quarter Progress Reports for 1996:

Kennecott  
Murray Smelter  
Richardson Flats (Remedial)  
Portland Cement RD  
Portland Cement RA  
Portland Cement OU3 RI/FS  
Sandy Smelter  
Sharon Steel OU1 In-Kind  
Sharon Steel OU2  
UP&L RD/RA  
UP&L RA

Approval with Comments were given on the following sites by the RPM or SAM:

Midvale Slag OU1 (UDEQ Lead) Strieby

The task report format is more informative than previous reports which generally consisted of some activity bullets. Under Task 6, it would be helpful to give a general estimate on the costs associated with future plans for the undeveloped Winchester Estates and the need for remedial action on any of the additional lots along 700 West. Does UDEQ have any updated projections on the additional RD cost in relation to previously awarded CA for RD and the additional funds approved for use in the balance of the OU1 RI/FS account (approximately \$69K)?

Midvale Slag OU2 Strieby

There is some confusion on this account. Table 5 is labeled Midvale Slag RI/FS and references Midvale Slag Support Agency. Is this the same \$66K RI/FS monies which UDEQ requested to be used for OU1 to complete RD activities? (Status--Roy Baran and Linda Armer have discussed this question as of 5/96. The RPM would like to have a report showing the funds that have been designated for OU1 and for OU2.)

Printed on Recycled Paper

PA/SI (Chavez)

Site Assessment Manager (SAM) questions the "Budget Remaining" amount of \$780,042. The SAM would like to know what the plans are for this amount of money and whether or not we need to fund the PA/SI portion of the FY97 block grant with this \$780,042 remaining. (Roy Baran and Linda Armer have also discussed and hopefully resolved this question as of May 1996.)

Petrochem (Hooten)

RPM would like to have a further explanation of what the fringe benefits are and what is being spent under the item "supplies." The costs are within the budget and the activities listed are activities the RPM is aware of. (Reference to Table 11--should read Table 10).

Portland Cement 2 & 3 Community Relations (McCeney)

RPM would like to close this cooperative agreement immediately. Please forward a Financial Status Report (FSR).

CORE (Armer)

The Budget for FY96 has \$58,000 in the "Other" object class. From reading the activities during the first quarter, I was not able to tie the \$16,575 expended in November 1995 to an activity(ies). What is projected for the \$3,382 under contractual?

Please indicate the cooperative agreement number on the site-specific agreements as there is more than one cooperative agreement for some sites.

Please respond to the comments made by the RPMs. If you have any site-specific questions, please contact the Remedial Project Manager for that site. Other questions may be directed to me at (303) 312-6696.

Sincerely,

Linda Armer, State Coordinator  
Program Support Group

Re: First Quarter FY'96

Dear Mr. Vigil:

Enclosed are Quarterly Reports for the First Quarter of FY'96 for our various Cooperative Agreements.

If you have any questions, please call Brad Johnson at (801) 536-4156.

Sincerely,

Kent P. Gray, Director  
Division of Environmental Response and Remediation

KPG/MJS/ss

RECEIVED/GAC BRANCH  
FEB 2 1996

### **Portland Cement OU3 RI/FS**

1. UDEQ's contractor, Weston, finalized the Streamline Human Health Risk Evaluation on December 22, 1995.
2. The Second Draft of the Focused Feasibility Study (FFS) for OU3 was completed by Weston on December 22, 1995. Various drafts were reviewed and modified during this period.
3. Weston continued to work on the Remedial Investigation Report and will finalize it by the first week of January 1996.
4. UDEQ began work on the Proposed Plan during the month of December 1995.

#### **Attachment:**

Table 5 - Budget and Expense Report for Portland Cement RI/FS.

### **G. Midvale Slag OU2 (Support Agency)**

1. UDEQ attended the RD scoping meeting held in Denver on December 5, 1995. EPA's contractor, Sverdrup, presented an RD Work Plan Outline for review and discussions were held on each task of the workplan.
2. UDEQ has participated in several meetings with EPA on settlement issues, OU2 removal alternatives and future land development on OU1 and OU2 (e.g., Jordan River Boulevard Road Project).
3. UDEQ drafted the Community Relations Plan (CRP) for the site and sent it to EPA December 11, 1995, for review and comments.

#### **Attachment:**

Table 6 - Budget and Expense Report for Midvale Slag.

### **H. Richardson Flat (Remedial)**

1. No work was performed during October-December 1995 and no activity is planned for FY 96 second quarter. All future action at the site is currently on hold until the issue of proposed listing is decided.
